Higher Secondary School
Sri Ramakrishna Bhel higher secondary school
Secondary School
Govt higher secondary school

August 2021 -May 2024
CGPA7.47/10
May 2020 – April 2021
Percentage– 75%
June 2018 – March 2019
Percentage– 69%

TECHNICAL SKILLS

- **Programming Language:** JAVA
- **Web Development:** HTML, CSS, JAVASCRIPT, REACT JS
- **Database:** MYSQL
- **Framework:** SPRINGBOOT
- **Version Control:** GIT, GITHUB
- **Containerization:** DOCKER

PROJECTS

Employee Management System | JDBC, MySQL

- The Employee Management System is designed to facilitate the management of employee data within an organization. It provides a way to add, view, delete and manage employee records through a simple console-based interface.
- Implemented DAO design pattern and used Prepared Statements to ensure secure database interactions and prevent SQL injection.

Course Registration System | SPRINGBOOT, MYSQL, HTML, CSS

- Built a full-stack course registration system using Spring Boot and Spring Security with role-based access for admins and students, secure login, and course enrollment features.
- Created a dynamic frontend with HTML, CSS, and JavaScript, integrating REST APIs for course registration, availability, and enrollment views.

E-commerce Shopping Website | REACT JS

- Built a responsive multi-page e-commerce website for 3D lights using ReactJS, implementing reusable components,dynamic product rendering with props and state, and client-side routing with React Router.
- Integrated features like product listings, search functionality, and custom styling, ensuring a seamless and interactive user experience with a modern component-based architecture.

CERTIFICATIONS

- Great Learning (Java Programming)
- Besant Technologies (Full Stack Development)
